Please deliver to Paul Shanoski, c/o Office of petitions

Dear Paul Shanoski

Enclosed in this letter is a check for 57 dollars as requested for the revival of patent number 10736310. The patent was unintentionally delayed and this additional 57 dollars should cover all the required expenses for patent revival. Also included in this reply letter are two completed Change of Correspondence Address forms, signed by both inventors. If there is any problem with this reply letter please call us immediately at 303-907-6314. Thank you so much for your time and expertise.

Sincerely
